SAFETY DATA SHEET

Section 1: Identification

Steve Butcher's Mamba Glide Tattoo Glide Aftercare

Issue Date: 7/29/2019

Synonyms: SBMG, Mamba Glide

Manufacturer: Renu Laboratories, Inc.
1836 Stout Drive, Unit 5
Ivyland, PA 18974
Phone: 215-675-5227

Section 2: Hazard(s) Identification

Hazard Classification: Not classified as hazardous when used in a manner consistent with label directions.

Acute Toxicity: N/A

Skin Corrosion/Irritation: Product is a non-irritant in most cases.

Serious Eye Damage/Eye Irritation: Product will cause irritation if placed directly in eye.

Respiratory or Skin Sensitization: Product typically is a non-irritant.

Germ Cell Mutagenicity: N/A

Carcinogenicity: N/A

Reproductive Toxicology: N/A

Section 3: Composition/Information on Ingredients

Substances	INCI / CAS No.
• Safflower Oil	Carthamus Tinctorius (Safflower) Seed Oil / 8001-23-8
• Synthetic Beeswax	Beeswax / 8012-89-3
• Tamanu Oil	Calophyllum Inophyllum Seed Oil / 241148-25-4
• Lavender Oil	Lavandula Angustifolia (Lavender) Oil / 8000-28-0
• Virgin Organic Hemp Oil	Cannabis Sativa Seed Oil (Hemp) / 8016-24-8
• Royal Jelly	Royal Jelly / 8031-67-2
• Propolis	Propolis Wax / n/a
• CBD	Cannabidiol / 13956-29-1
• Seaberry Fruit & Seed Oil Blend	Hippophae Rhamonides Oils / not avail.
• Tocopherol	Tocopherol / 1406-66-2
• Terpene Blend - b-Caryophyllene, Myrcene, d-Limonene, Linalool, a-Pinene, Bisabolol, b-Pinene, Terpinolene, Valencene.	
• Coloring	Mixture of DC Dyes

Section 4: First-Aid Measures

Exposure by inhalation	Not applicable under normal conditions of use.
Exposure via skin	This product is designed for application to intact skin. If severe redness or irritation occur, remove the product with warm soap and water. If irritation persists, see a physician.
Eye contact	Contact with eye will be extremely irritating and burn. Irrigate with copious amounts of tepid water until no evidence of product remains. Seek the advice of a Health Professional if irritation persists in eye.
Ingestion	Product is not intended for ingestion. If it is ingested, seek the advice of a Health Professional or Poison Control Center immediately.

Section 5: Fire-Fighting Measures

Extinguishing Equipment:	Alcohol Foam, CO ₂ , or Water spray.
Hazards:	Not considered combustible under 160 degrees C Can burn, and release vapors Remove containers from path of fire. Heating may cause expansion and rupture of containers. Keep containers cool

Section 6: Accidental Release Measures

Recommendations on appropriate responses to spills or leaks.

Contain spills, using sand or earth and use an absorbent (sand, sawdust, vermiculite) where appropriate.

Collect and seal in properly labeled containers for disposal.

Wash area with water.

Waste material may be incinerated where permitted by local Waste Management Authorities.

Section 7: Handling and Storage

This product does not typically pose problems with transportation or storage.

It should not be stored or transported with toxic chemicals, flammable gases, explosives, oxidizing agents and spontaneously combustible substances.

Store at room temperature and keep containers closed to avoid contamination from impurities.

Section 8: Exposure Controls / Personal Protection

Threshold Limit Values: N/A
Product is a topical blend meant for the skin and is not considered harmful.

Recommendations: Provide adequate ventilation.

Section 9: Physical and Chemical Properties

Appearance (physical state, color etc.)	Thick electric green balm
Odor	Lavender
pH	n/a (oil base)
Melting Point	n/a
Boiling Point	Unknown
Flash Point	Unknown
Evaporation rate	Unknown
Vapor pressure or density	Unknown
Solubility in water	no
Specific Gravity	TBD
Water Content	n/a
Acid Value	n/a

Section 10 : Stability and Reactivity

Stability: Product is stable under normal conditions

Conditions to Avoid: Keep away from open flame

Reactivity: None under normal processing.

Section 11 : Toxicological Information

Not listed on the latest edition of National Toxicology Program Report on Carcinogens. No additional toxicological information is available at this time.

Section 12 : Ecological Information

Persistence / Degradability: This product is readily biodegradable.

Section 13 : Disposal Considerations

Seal in properly labeled containers for disposal. Waste material may be incinerated under controlled conditions when / where permitted. Refer to local Waste Management Authority Regulations for other approved disposal methods.

Section 14 : Transport Information

Product is a non-harmful topical product and should not pose problems in transporting. However, it should not be stored with toxic chemicals, flammable gases, explosives, oxidizing agents and spontaneously combustible substances

Domestic transport regulations (USA):

DOT Not regulated

Domestic transport regulations (Canada):

TDG Not regulated

Domestic transport regulations (Mexico):

MEX **Not regulated**

International transport regulations:

ICAO Not regulated

IATA Not regulated

IMDG/IMO Not regulated

Section 15 : Regulatory Information

No known regulations
